Elements of Art	Art elements used work very well together and are pleasing to the eye tying the whole composition together. Used the correct elements and principles for this project successfully.	Many of the art elements work well together. Most create a good composition. A few might be changed to improve the overall composition.	Too many random art elements are being used that throws off the composition.	All art elements chosen at random that do not connect the composition. The correct elements and principles were not used in the right ways.
Technique	The medium is applied throughout the artwork in a careful and controlled manner very consistent with the technique being studied. Attention to detail is evident.	Most of the medium is used in a reasonably controlled and careful manner similar to the technique being studied. A few areas need more work.	An attempt has been made to use the medium in a way that is similar to the technique being studied, but needs more work in many areas.	No attempt has been made to use the medium in a way that is similar to the technique being studied.
Composition	The composition is very well planned and executed. Follows Rule of Thirds. Student applies design principles with great skill.	The composition shows planning. Student applies design principles with fair skill.	Student tries to apply design principles, but the overall composition needs more planning.	Little thought to composition, small drawing in middle of page. The student does not appear to be able to apply design principles to his/her own work.
Originality or Meaning	Student has taken the technique being studied and applied it in a way that is totally his/her own. The student's personality/voice comes through.	Student has taken the technique being studied and has used source material as a starting place. The student could do more to show their personality/voice.	Student has copied the source material.	Student has not made much attempt to meet the requirements of the assignment.
